

The following is an anticipated work schedule for the upcoming month. However, due to unforeseen field and weather conditions, it may become necessary to change some scheduled work locations, operations and dates. We thank you for your patience.

Work Planned For The Month Of: September, 2024

Week 1

- Site Clearing
- Mobilize Facilities & Equipment
- General site layout

Week 2

- Mobilize Shoring Equipment
- Start Piling for the shoring system
- Install Temporary Power

Week 3 & 4

- Continue with the piling/shoring system

Note that through the course of shoring piling activities there may be some general construction noise along with some localized vibration during drilling.
